# Escala de Bristol

---

<b>Tipo 1</b>		Pedazos duros separados. Como nueces. Difícil excreción
<b>Tipo 2</b>		Con forma de salchicha, pero grumosa. Compuesta de fragmentos.
<b>Tipo 3</b>		Con forma de salchicha, pero con grietas en la superficie
<b>Tipo 4</b>		Con forma de salchicha o serpiente, pero lisa y suave
<b>Tipo 5</b>		Trozos pastosos con bordes bien definidos
<b>Tipo 6</b>		Pedazos blandos y esponjosos, con bordes irregulares
<b>Tipo 7</b>		Acuosa, sin pedazos sólidos, totalmente líquida
